WESTMINSTER

In an attempt to remove all but essential contact with your food we have introduced 'Boxed Menus'. The same freshly prepared meals made by our chefs from sustainably sourced ingredients using local suppliers but, delivered to your meeting or event in a sealed, COVID-compliant, single use box.

Our boxes are made from recycled waxed cardboard, that are fully compostable and biodegradable after use. Similarly all our boxed meals are served with a sealed packet of Vegware cutlery. Vegware is a unique plant-based plastic solution that is compostable with food waste.
